

**Citizen Voice's SAFELY OUT™ Project  
Esquire IMAX Event January 2007**

Representatives from Sacramento City Fire greet guests outside the Esquire IMAX as they arrive at the high profile red carpet event.

A great night at Citizen Voice's SAFELY OUT™ benefit at the Esquire IMAX in January of 2007 where the City of Sacramento announced their \$25,000 contribution to the SAFELY OUT™ Project, and a successful partnership was formed.

(From Left to Right) Doug Link from the Esquire IMAX (who donated the venue), Jerry Colivas, former Sacramento Office Emergency Services Director and Citizen Voice Advisory Board Member, Gary Dietrich, Citizen Voice President and Forrest Adams acting director from Sacramento City Fire are among the crowd.

Guests fill the lobby of the Esquire IMAX as they wait to enter the auditorium for the City sponsorship announcement and the "Hurricane on the Bayou" movie premiere. Guests enjoyed gourmet foods and drinks donated by the Esquire Grille, Wine Shop at Home and the Melting Pot.

KFBK News Anchor Kitty O'Neal and former anchor Jay Alan join the morning crew from CW31 and other area media to welcome the audience and encourage support for the project.

Volunteers (from Soroptomist of Sacramento) join Citizen Voice volunteers to distribute SAFELY OUT™ kits following the screening.
